"We challenge and support all students to achieve their personal best"

Dear

_____ has been selected to receive some extra help with their literacy skills through our Reading Recovery Program. This will be in addition to the classroom reading and writing program.

Reading Recovery is a safety net for Year 1 students, designed to promote literacy learning and reduce the number of students struggling with reading and writing.

A trained Reading Recovery teacher, Ms Moxon, will work with _____ every day for thirty minutes for twelve to twenty weeks.

For the Reading Recovery program to have the greatest effect on your child's reading and writing, parents are asked to ensure that their child attends school daily, support their child's literacy learning in consultation with the school and ensure that daily homework is completed.

As part of the program each day _____ will bring home books to read and a cut-up-sentence in an envelope to put back together and stick into an exercise book.

Daily Attendance

Daily individual lessons are the cornerstone of Reading Recovery.

Each day we make small increments in learning, building on the learning of the day before and therefore, we need to ensure that loss of lesson time is minimised to the greatest extent possible. It is essential that _____ attends school every day otherwise removal from the Reading Recovery Program will need to be considered.

Ms Moxon will hold a parent introductory meeting for the purpose of explaining the program and ways in which parents may assist their child. The meeting will be held in Ms Moxon's room at 2.00pm on Wednesday 18th February, 2015.

If you would like to know more about the Reading Recovery Program or discuss your child's interests, experiences and abilities, please contact the school on 43413555 to arrange a time to meet with your child's Reading Recovery teacher.

I thank you for your support

Ms Moxon
