"We challenge and support all students to achieve their personal best."

Dear Parents and Carers,

Our school has purchased a new application called the 'PM eCollection', which will provide a digital solution to improving your child's reading ability. The PM eCollection is a collection of 250 eBooks on an eReader, available on any device, and a student management website, to be used in any guided reading or independent reading setting.

All it will cost to sign your child up to the program is \$10. This will give them their own login and password to be used both at school and at home to improve their reading. Books will be assigned by their teachers to ensure they are reading titles that correspond to their reading ability.

PM readers are a resource that we already use here at our school to help our students become independent and balanced readers. PM readers are consistently and accurately levelled books that provide students with a continuum of increasing difficulty.

For use on ipads

The *PM eCollection* is easy to use – simply visit the Apple App Store, download the free *PM eCollection* app. Sign in with your username and password and you will be able to access the books assigned by your teacher. There is no app for android devices however, as long as the android device has access to a web browser you can access the PM eCollection.

For use on Personal Computers

Simply go to the website link below: <https://app.pmecollection.com.au/>

Use your login and password to access the books assigned by your teacher.

Please return the slip below with the \$10 or the receipt number from your online payment. Once this has been returned you will be able to access these from home.

Kind Regards,

Mrs Young, Mrs Bradbury and Mr Wolski
